Name:	الاسم: نبأ عبد الرحمن عيسى أولاد يعيش		
University Number:	443013099 الرقم الجامعي:	Phone Number:	0563914911 رقم الهاتف:
Email:	S443013099@uqu.edu.sa البريد الإلكتروني:	College:	الكلية: الحاسبات
Department:	القسم: علوم الحاسب والذكاء الاصطناعي	Specialization:	التخصص: الذكاء الاصطناعي

من 2025 \ 3 \ 2 :From		إلى 2025 \ 3 \ 20 :To	
المهام الأسبوعية Weekly Tasks			
المهام	Tasks	الأسبوع Week	
Course: System Specification Analysis Fundamental			
	1. Conducted an in-depth system specification analysis by designing a detailed Use Case Diagram for the HungerStation application, identifying two primary actors (Customer & Delivery Person)	Week 1	الأسبوع 1
	2. Clearly defined actors, interactions, and use cases to ensure comprehensive coverage of the application's core functionalities, such as ordering, delivery tracking, and payment processing		
	3. Engaged actively with the team through collaborative discussions and iterative refinements to enhance diagram accuracy and clarity		
	Benefit: Gained foundational knowledge in capturing and documenting system requirements clearly and effectively through use case diagrams		
Course: UX-UI Design			
	1. Initiated a user-centric project named "HYDR8," designed to improve hydration practices, particularly during Ramadan, by applying the five stages of the Design Thinking methodology	Week 2	الأسبوع 2
	2. Conducted the empathy stage by creating and distributing a comprehensive survey among 52 participants, aiming to deeply understand hydration habits, challenges, and preferences		
	3. Performed thorough data analysis to identify prevalent issues including forgetfulness, absence of tracking methods, and feeling overly full after meals, which guided problem definition		
	4. Defined and clearly documented user problems based on collected data, setting a solid foundation for the subsequent ideation phase		

<p>الأسبوع 3</p> <p>Week 3</p>	<p>Course: UX-UI Design</p> <ol style="list-style-type: none"> 1. redesign of the CMS-Awon website interface including the homepage and news page to improve readability and user engagement 2. Developing new Help & Support and Donation pages to simplify user interaction and encourage engagement 3. Updating and refining the Software Requirement Specification (SRS) to reflect new design changes and enhance clarity for future development 4. Delivered a formal presentation on 20 Ramadan, clearly demonstrating the redesign process, outcomes, and enhancements <p>Benefit: Enhanced practical knowledge in website interface design, user experience enhancement, and effective documentation of design processes</p>
<p>الأسبوع 4</p> <p>Week 4</p>	<p>Break</p>
